Diagram illustrating the subtraction $27 - 20$ on a 100 grid. The number 27 is highlighted in green. A red box labeled -10 is placed over the number 17, and a blue arrow points from 17 to 7. Another red box labeled -10 is placed over the number 7, and a blue arrow points from 7 to 27. This shows that subtracting 20 from 27 results in 7.

Diagram illustrating the subtraction $27 - 20$ on a 100 grid:

- Start at 27 (highlighted in green).
- Subtract 10 (indicated by a red box labeled -10 and a blue arrow pointing to 17).
- Subtract another 10 (indicated by a red box labeled -10 and a blue arrow pointing to 7).
- The final result is 7 (highlighted in red).

Diagram illustrating the subtraction of 40 from 58 using a hundred chart. The chart shows numbers from 1 to 100 in a 10x10 grid. The starting number 58 is highlighted in green. Four red boxes, each containing "- 10", are placed vertically in the 6th column (representing 40). Blue arrows show the process of subtracting 10 from 58 to reach 48, and then continuing to subtract 10 from 48 to reach 38, and so on, until the final result 18 is reached. The final result 18 is highlighted in red.
