

C24: Soustraire en utilisant les liens entre les nombres

**Quelle technique
peut-on utiliser pour
soustraire jusqu'à 20 ?**

**A quoi sert une
soustraction ?**

**Invente une histoire de
soustraction.**

$$\underline{\quad} + \underline{\quad} = 12$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

C24: Soustraire en utilisant les liens entre les nombres

$$\underline{\quad} + \underline{\quad} = 12$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

C24: Soustraire en utilisant les liens entre les nombres

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$15 - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

C24: Soustraire en utilisant les liens entre les nombres

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$15 - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

C24: Soustraire en utilisant les liens entre les nombres

**Pour soustraire, on peut
se servir des familles de
nombres.**

Tableau des stratégies pour soustraire

1 Compter à rebours

$$6 - 2 = 4$$

Dis les nombres à l'envers dans ta tête.

2 Reculer

$$7 - 4 = 3$$

Pars du plus grand nombre et recule du nombre de cases correspondant au plus petit nombre.

3 Enlever

$$9 - 3 = 6$$

Prends des objets ou tes doigts, et enlève une partie.

4 Barrer ou colorier

$$9 - 4 = 5$$

Fais des dessins et barre ou colorie une partie.

5 Liens entre les nombres

Si je sais que $5 + 3 = 8$, alors $8 - 3 = 5$ et $8 - 5 = 3$.

6 Addition à trous

$$13 - 9 = 4 \rightarrow 9 + 4 = 13$$

Transformer la soustraction en une addition à trous.

7 Décomposer un des nombres
